DETAILED ACTION

Election/Restrictions

This application is in condition for allowance except for the presence of claims 8-14, 27 and 29 directed to an invention non-elected with traverse in the reply filed on 16 December 2005. Applicant is given ONE MONTH or THIRTY DAYS from the date of this letter, whichever is longer, to cancel the noted claims or take other appropriate action (37 CFR 1.144). Failure to take action during this period will be treated as authorization to cancel the noted claims by Examiner's Amendment and pass the case to issue. Extensions of time under 37 CFR 1.136(a) will not be permitted since this application will be passed to issue.

The prosecution of this case is closed except for consideration of the above matter.

Allowable Subject Matter

Claims 20-26 are allowed.

The following is an examiner's statement of reasons for allowance:

With regard to claim 20: This claim is allowable over the prior art of record because the latter, either alone or in combination, does not disclose nor render obvious an integrated linear array of injected molded light conductive pipes with pipes in the linear array are connected by integral alignment features projecting from elongated bodies of the molded pipes wherein the alignment features are shaped by cavity

contours in elongate cavities in which the pipes are molded, in combination with the rest of the claimed limitations.

With regard to claims 21-26: These claims are allowable over the prior art of record because they depend from an allowable claim.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
